PROVIDERS

LISTED BY JUDICIAL DISTRICT

What the List Means:

When a provider is on the List, it means that he/she (1) has met the education and experience qualifications established in the Standards, (2) has provided sufficient information for a determination that services appear to be provided according to the Standards and (3) each provider agrees in writing to provide services in compliance with the standards of practice outlined in the Standards

Providers on the List are eligible to provide treatment anywhere in Colorado, **unless they are provisionally approved. If a provider is provisionally approved, he/she may only provide treatment in the judicial district(s) listed.**

Being on the List is neither licensure nor certification of the provider. It does not imply that all providers offer exactly the same services. The List also does not create an entitlement for referrals from the criminal justice system.

All applicants involved in domestic violence offender treatment must have an Approved Provider as a co-facilitator until approval from the Board is granted.

There are **FOUR** levels of approval for Providers:

Entry Level Provider is an introductory level.

Provisional Provider is designed only for communities with a demonstrated need for a provider. Provisional approval is most often applicable to rural areas and where offender or special populations needs are underserved or unmet. Reference 9.07 for requirements for this type of approval. Provisional approval shall only be for a designated area of the state. Provisional approved providers are not eligible to practice in other areas of the state.

Full Operating Level Provider is a Provider who has met all the necessary educational, training, and experiential requirements.

DV Clinical Supervisor is a licensed Full Operating Level Provider who has obtained the additional training and experiential requirements for supervisors and who provides supervision in accordance with the Standards. This Level can provide offender evaluations, offender treatment and provider supervision.

Background:

In 2000, the Colorado General Assembly passed legislation, which created the Domestic Violence Offender Management Board to develop standards for the assessment, evaluation, treatment and behavioral monitoring of adult domestic violence offenders. A copy of the Standards For Treatment With Court Ordered Domestic Violence Offenders is available upon request by calling (303) 239-4528 or on our website at <http://dcj.state.co.us/odvsom>.

State statute prohibits the Department of Corrections, the Judicial Department, the Division of Criminal Justice of the Department of Public Safety, or the Department of Human Services from employing or contracting with, or allowing convicted domestic violence offenders to employ or contract with providers unless they are operating under these standards, and appear on the Provider List approved by the Domestic Violence Offender Management Board.
