This presentation will provide participants with information about a strengths-based approach for working effectively with youth who have been sexually abused or experienced other types of abuse. Dr. Powell’s clinical experience includes work with both children and adolescents (ages 2 to 20) who have been impacted by trauma. Case examples will be presented to illustrate trauma treatment concepts. Specific topics to be covered include:

- **Information about ‘What Is’ a Strengths-Based Approach**
- **Reasons to Remain Optimistic when working with Victims of Trauma/Sexual Abuse**
- **Information about Factors that Cause Trauma in Youth**
- **Top 15 Trauma/Sexual Abuse Treatment Objectives– Information about Therapeutic Relationships, Stabilization, Assessment, Intervention, and Prevention will be described.**

In order to keep participants engaged in the training, Dr. Powell utilizes a multi-sensory presentation style, which includes the use of PowerPoint slides; video clips; handouts; humor; non-threatening audience participation exercises; and clinical case examples to help illustrate concepts.
