

INSTRUCTIONS AND INFORMATION **ABOUT THE COMPLAINT PROCESS**

INSTRUCTIONS:

The Sex Offender Management Board (SOMB) is statutorily required to approve and list: Treatment Providers, Evaluators, and Polygraph Examiners who provide sex offense specific services to juveniles who have committed sex offenses and convicted adult sex offenders. Thus, the SOMB also ensures that the services being provided comply with the *Standards and Guidelines* that the SOMB was statutorily required to create.

These instructions are intended to assist in filing a complaint with the SOMB against a listed/approved provider when there is an alleged violation of the Adult or Juvenile *Standards*.

It will be necessary to refer to the most recent published version of the Adult or Juvenile *Standards and Guidelines (2008 Revised)* in order to appropriately fill out the complaint form. The *Standards* and the complaint form are available on the SOMB website at:

http://odvsom/sex_offender

If you do not have access to a computer you can request copies of the document(s) by contacting the Office of Sex Offender Management at 303-239-4526 or 700 Kipling, Suite 3000; Lakewood, CO 80215. If you are an inmate, you can access the Adult or Juvenile *Standards* and the complaint form in the library of your facility.

FILLING OUT THE FORM:

1. **Complainant Name, Address, and Phone Number:**

The name, mailing address, and phone number of the person filing the complaint. This information is required as there will likely be ongoing contact with this person during the complaint process. A complaint cannot be processed or reviewed without this information. In addition, if the

complainant's contact information changes during the complaint process, it is essential to notify the Office of Sex Offender Management. If a complainant does not have a permanent mailing address, an address of a reliable friend or family member can be used. It is important that the contact information provided will enable the complainant to receive contact in a timely manner because some of the procedures are time sensitive.

2. Service Provider, Address, and Phone Number:

The name, address, and phone number of the provider who allegedly violated the *Standards*. An individual provider must be listed, in addition to the name of a program. If there is a complaint against more than one provider, a separate complaint needs to be filed for each provider. If the provider is not yet approved by the SOMB, the provider's clinical supervisor can be listed in this section. (Please refer to Section 4.100, Intent to Apply, in the *Standards* for further details.)

Please note: The SOMB only handles complaints against individual providers, not programs. Complaints involving treatment programs as a whole, government agency policies (e.g. such as the Department of Corrections sex offender classification process), or legal issues unrelated to the Standards, are not under the authority of this Board and should be directed elsewhere. Finally, the SOMB does not have purview over statutory enforcement.

3. Nature of Complaint:

A detailed description of the complaint and what the provider did to allegedly violate the *Standards*. Please attach an extra page if there is not enough room on the complaint form to provide a complete description of what occurred. Also enclose any information that will support or prove the allegations.

4. Standards Violation:

One or more specific *Standard(s)* cited (the actual standard number from the 2008 Revised Adult or Juvenile *Standards*) with a brief explanation of how

each Standard was violated. If additional space is needed, please attach an extra page.

5. Solution:

Your suggestion(s) for a solution. Please keep in mind that there are many options available to the SOMB regarding resolving complaints.

For assistance or questions, or if you require assistance submitting the complaint, please contact our office via telephone at 303-239-4499 , by fax at 303-239-4491, by email at cathy.rodriquez@cdps.state.co.us for adult complaints and kristy.alles-serrant@cdps.state.co.us for juvenile complaints, or by mail at 700 Kipling Street, Suite 3000, Denver, CO, 80215. All completed SOMB complaint forms should be forwarded to this address.

INFORMATION RE: THE COMPLAINT PROCESS:

When the SOMB is notified that a provider has allegedly violated the *Standards* by way of a complaint, the following process begins:

1. The complaint is checked to see that all required information is included.
2. A letter is mailed to the person who filed the complaint confirming that the complaint was received.
3. The complaint is forwarded to the Vice Chair of the SOMB.
4. The recommendation of the Vice Chair and the complaint are reviewed by the Application Review Committee (ARC).
5. The ARC determines if further action is warranted. If this is the case, the provider is contacted and asked to provide a written response to the allegations in the complaint within 20 days. On the other hand, if no further action is warranted, the complainant is notified that no potential violations exist and the process ceases.
6. The ARC reviews the provider's response to the complaint and determines if an investigation is necessary. If this is the case, the complainant is notified that an investigation has begun. If no further action is warranted, both parties are notified of the results. Investigations are conducted by an independent investigator.

7. At any point during the process involving complaints against therapists, the complaint may be forwarded to the Department of Regulatory Agencies (D.O.R.A.), as this agency regulates licensure and registration of therapists in Colorado. Grievances filed with D.O.R.A. can be sent to: D.O.R.A., Mental Health Section, 1560 Broadway, Suite 880, Denver, CO, 80202. *It should be noted that D.O.R.A. is not affiliated in any way with the SOMB and housed in a different governmental agency, and therefore, correspondence to D.O.R.A. should be forwarded to this address.*
8. After the investigation is completed, the ARC reviews the investigation results and all relevant information, and makes a finding.
9. Both parties are notified in writing of the finding (the person who filed the complaint and the provider who was complained against) and have the right to file an appeal of the ARC finding within 30 days.

Please refer to Appendix H of the *Adult Standards* and Appendix G of the *Juvenile Standards* for more information.
