

Peg Flick joined the Office of Research and Statistics as a senior analyst in 2010, bringing over 20 years of experience in software engineering and project management. Peg provides assistance with the technical aspects of data extraction, analysis, and complex data base management. Peg is responsible for conducting an annual cost savings analysis of House Bill 10-1352, legislation that reduced the penalties for use and possession of many controlled substances, and for preparing an annual report for the General Assembly. For the Division of Probation Services, Peg recently completed a recidivism analysis of sample of juveniles on probation, and she staffs the Commission on Criminal and Juvenile Justice. Peg came to the ORS from the National Center for Missing & Exploited Children where she was responsible for data base design, web site development, technology evaluation, developing case management systems, and building software tools to facilitate data analysis. Peg has a B.A. in geography from the State University of New York at Albany, and an M.S. in telecommunications and computers from the George Washington University in Washington DC. Peg is a Court Appointed Special Advocate (CASA) for children in Jefferson County, and she volunteers with the Denver Police Department.
